

Incident Investigator Course

Prevent repeat incidents, solve problems and unearth the real root causes of incidents. Learn to fully utilise the TOP-SET System.

Key benefits

- Convenient and cost-effective training; no need for travelling to course a venue, and training can fit around existing schedules.
- Delegates gain a sound understanding of the Kelvin TOP-SET Incident Investigation Method, and the confidence to run investigations.
- Provides practical and interactive opportunities to practise skills throughout the day at key points of the TOP-SET Process.
- Delegates gain an understanding of how to investigate incidents using digital tools; ideal for investigations with remote investigation teams or where incident-site access is not possible.
- Develops effective teamwork skills and co-operation in the investigation process.
- Instructs delegates in the skills of interviewing for investigations.
- Raises awareness of the significance of human factors involved in incidents and investigating.

- Requires computer and internet download speed of 15Mbps (minimum)

Certification

Kelvin TOP-SET Incident Investigator and CPD (3 hours, eLearning)

“I have done quite a few investigation training courses during my career, but I strongly believe that Kelvin TOP-SET is the most useable for me. The training exceeded my expectations.”

Danny Vleghert, Rig Manager – Velesto
