

Refresher Course for Senior Investigators

Revise, refresh and reinforce the Kelvin TOP-SET Incident Investigation System.

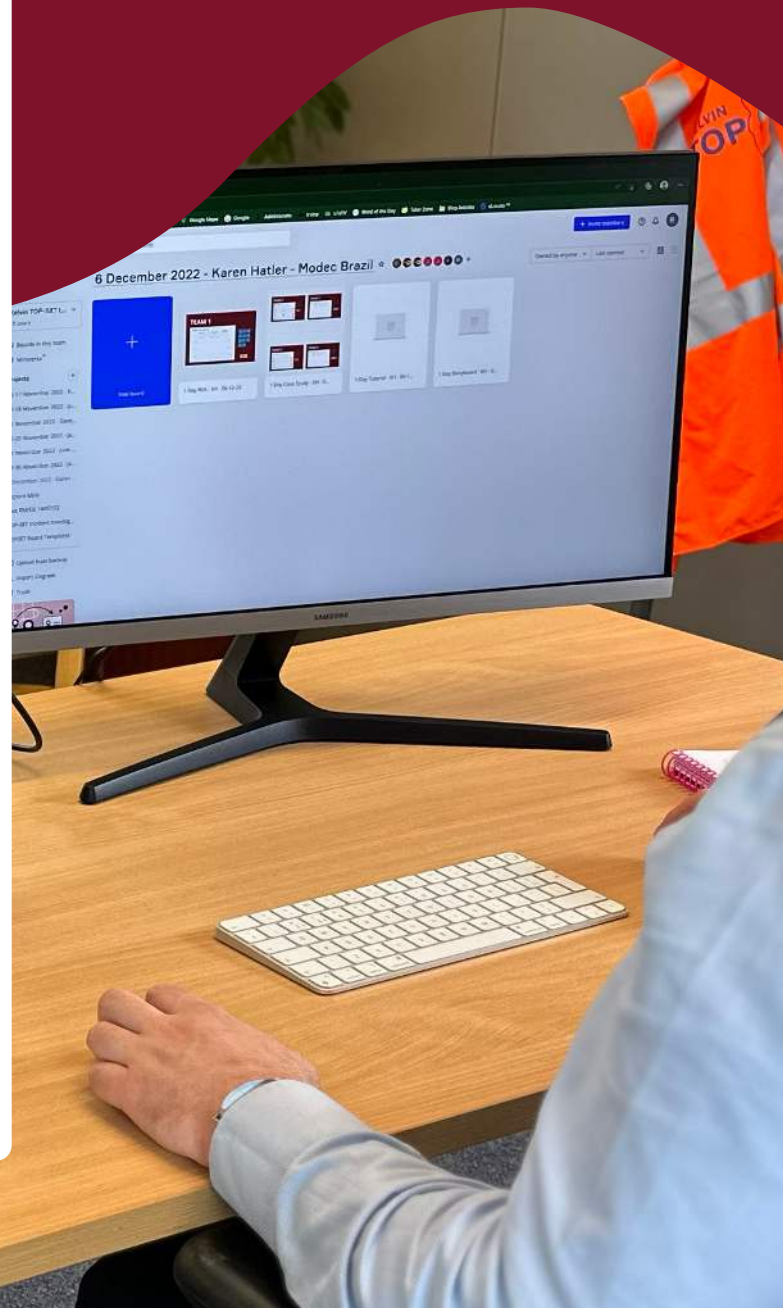

Key benefits

- Introduces new ideas and techniques in Root Cause Analysis. Delegates should be able to confidently critique an RCA by the end of the course.
- Examines the importance of understanding human factors and their impact on all incidents.
- Explores the difference between blame, fault and responsibility.
- Delegates will understand the key features of good team leadership and team dynamics during investigations.
- Increased awareness of personality bias and its impact on investigations.

- Private, in-house courses are available on request.
- Requires computer and internet download speed of 15Mbps (minimum)

Certification

Kelvin TOP-SET Refresher for Senior Investigators and CPD (3 hours, eLearning)

“TOP-SET is a simple, effective system that helps structure objective actions from unplanned events. In 20+ years of HSE management, this is the method I use and mentor every time. Highly recommended.”

Jason Simmons, Head of SHEQ – Bioenergy Infrastructure Group
